how did castrati manage to amaze their eighteenth century audiences by singing the same aria several times in completely different ways and how could composers of the time write operas in a matter of days the secret lies in the solfeggio tradition a music education method that was fundamental to the training of european musicians between 1680 and 1830 a time during which professional musicians belonged to the working class as disadvantaged children in orphanages learned the musical craft through solfeggio lessons many were lifted from poverty and

the most successful were propelled to extraordinary heights of fame and fortune in this first book on the solfeggio tradition author nicholas baragwanath draws on over a thousand manuscript sources to reconstruct how professionals became skilled performers and composers who could invent and modify melodies at will by introducing some of the simplest exercises in scales leaps and cadences that apprentices would have encountered this book allows readers to retrace the steps of solfeggio training and learn to generate melody by speaking it like an eighteenth century musician as it takes readers on a fascinating journey through the fundamentals of music education in the eighteenth century this book uncovers a forgotten art of melody that revolutionizes our understanding of the history of music pedagogy

this book explores the notions of violence care and cure within the medical encounter and seeks to foreground the ways in which whether individually or as a triad they are prone to ambiguous interpretations the chapters of this book attend to the complex interlacing of these three key terms and what to make of their entanglement by offering historical practical philosophical personal and aesthetic analyses of different medical scenes objects and concepts besides the three main concepts that give the collection its title the volume deals with bodily experience medical neglect or scepticism pain and suffering diagnosis and recovery and epistemic injustice through the lens of among others biopolitics ethics gender medicine and critical medical humanities altogether the chapters pay particular attention to the role of images and other narratives including social media platforms the case studies in this collection invite the reader to observe medical encounters that take place in and are shaped by a variety of both material and immaterial spaces from the consulting room to the antechamber of medical bureaucracy and from artistic venues to biopolitical discourses taken together this book argues that a hermeneutic of violence care and cure is inseparable from individual and collective perceptions of the medical encounter that is it is inextricable from an understanding of the tensions and consensus that surge among perceptions orchestrated by both internal subjective and external social cultural political gazes moreover the volume aims to provide both directly and indirectly a meta reflection on the disciplines that fall under the umbrella of medical and health humanities interrogating the field's potential to unearth systemic bias to open different possibilities of existence and to make visible the complexity of its research objects as well as to caution against their possible pitfalls by bringing together different methodological approaches this volume provides its readers with conceptual resources for thinking about the intersections of violence care and cure by providing a space where the voices of both emerging and established scholars mingle and respond to one another this book will be essential reading for anyone across the social sciences and humanities interested in the sociology of health and medicine the medical humanities and gender studies
